

WEEKLY STATUS REPORT (WSR)

[10/13/14]

TO: Professor Linos
FROM: Chris, Ade, and Sean
SUBJECT: Status report for week [10/6-10/12]

I. RED FLAGS: None

II. ISSUES: It is very challenging to get a local copy of the site up and running. The team also needs to choose a stock photo vendor.

III. ACCOMPLISHMENTS (10/6-10/12):

10/8

- Chris, Ade, and I spent a good amount of time trying to get a local copy of the website running.
- We were able to run WordPress locally, but the transfer of the site files is going to be problematic.

10/9

- Contacted Patric about setting up a time for a conference call next week. We set a time for 2:00 pm on Tuesday.

IV. ACTION ITEMS FOR FOLLOWING WEEK (10/13-10/19):

- Choose a stock photo vendor (whole team)
- Work on getting all of the website files transferred to local machines (whole team)
- Try to get a reasonable amount of work done over Fall Break (whole team)
