[Date of report]

TO: [Alex Steel, Gwen Kozak, Dennis Drew, Harrison Linden, Panos Linos]
FROM: [Alex Steel]
SUBJECT: Status report for week [10/4-10/12]

I. RED FLAGS: [None]

II. ISSUES: [None]

III. ACCOMPLISHMENTS (dates):

10/12/15

- Team is up to date on the task of switching from VB design to the opensource code I found.
- Jocelyn has been notified and a conference call has been scheduled for 10/14 @ 1130am

IV. ACTION ITEMS FOR FOLLOWING WEEK (dates):

10/19/15

- Getting back end of opensource program installed on all computers.
- Created a master copy github of the opensource program, will make repositories for our edits, but already have a master copy for backups.
- All 4 of us will clone the git so we have a copy, and start messing with it.
- Meet up Monday after fall break to determine whether iOS or Android will be better for us.
- Will tweak the program to satisfy jocelyns needs for the app while getting to understand the app ourselves, and send over to her hopefully by the end of the month, at which point, we will start over, learn and program.
