WEEKLY STATUS REPORT (WSR)
January 19, 2016

TO: Ben Sharp, Heath Barkdull, and Ryan Krueger
FROM: Ryan Krueger
SUBJECT: Status report for week Jan. 19, 2016

I.   RED FLAGS:
- Lack of in-depth team experience with XCode and Swift Development
- Need to catch up and familiarize ourselves with the previous group as no one from the previous semester is taking the course this semester.

II.   ISSUES:

- iOS app development has not been started.
- Android app has a few bugs with regards to bidding.
- Adding items is a confusing process.
- Web admin side needs help.

III.   ACCOMPLISHMENTS:

1/14/2016
- Created a method for group communication and collaboration
- Divided up workload (iOS: Ben & Ryan; Android: Heath; Web: Ryan)
- Read the final report from the previous group and became acquainted with their organization.

1/18/2016
- Met with Harrison from the previous group to discuss their final report and project status in depth.
- Identified areas needing to be worked on and started prioritizing.

IV.   ACTION ITEMS FOR FOLLOWING WEEK:

- Contact client and give update about the new team (Ryan)
- Download and start learning X Code (Ben and Ryan)
- Start looking through the Android app code and work on bug fixing. (Heath)
