[2-5-2018]

---

**TO:** [Domenics O'Neill, Panos Linos]  
**FROM:** [Ryan Perkins]  
**SUBJECT:** Status report for week [1-29-18/ 2-5-18]

**I. RED FLAGS:** [Awaiting response from Collegian's Digital Editor to arrange an initial meeting.]

**II. ISSUES:** [The research is still being done to determine the ideal backend database to use with the Xamarin plug-in.  
Also, the GUI is still in rough design, this can be finalized during our meeting with the Collegian.]

**III. ACCOMPLISHMENTS (dates):**

1-31-18

- Ryan was selected as Team Lead, and Domenics was selected as Lead Developer.

2-5-18

- Email exchange began with the Collegian's Digital Editor.

**IV. ACTION ITEMS FOR FOLLOWING WEEK (dates):**

- Hold meeting with the Digital Editor, Team, and Dr. Linos.(Ryan and Domenics)
- Choose Database Backend software. (Domenics)
- The framework GUI can be laid out using wire frameworks in a rough manner, in order to give the client something tangible.
