

WEEKLY STATUS REPORT (WSR)

[2/19/18]

TO: JT Hennette, Josh Stanaszek, Adam Kessler, Panos Linos
FROM: Austin Sypolt
SUBJECT: Status report for week 3

I. RED FLAGS: No red flags have arisen thus far.

II. ISSUES: Everyone is still working on understanding the languages we're using (PHP, HTML, MySQL) while we attempt to implement results.

III. ACCOMPLISHMENTS (dates):

Date1: 2/14/18

- JT connected to epics-dev site
- Designing of the template on google docs and setting the specifications
- Github desktop setup for file sharing

Date2: 2/19/18

- Josh completed the CSS file for the template
- Further understanding of PHP language through research on how to store data for the template

IV. ACTION ITEMS FOR FOLLOWING WEEK (dates):

- Understanding functions.php file (Josh)
- Further development of form attributes (Austin)
- Research uploading images using PHP (JT)
