

## WEEKLY STATUS REPORT (WSR)

[2/26/18]

---

**TO:** JT Hennette, Josh Stanaszek, Adam Kessler, Panos Linos  
**FROM:** Austin Sypolt  
**SUBJECT:** Status report for week 4

- I. RED FLAGS:** No red flags have arisen thus far.
- II. ISSUES:** We had an issue trying to redirect the form page properly however with the help of Professor Linos we were able to understand what the problem was and fix it.
- III. ACCOMPLISHMENTS (dates):**

Date1: 2/21/18

- Got the form page working properly
- Can now complete the form and merge it with the template

Date2: 2/26/18

- Finished the form, can now implement it
- CSS was modified for QoL changes
- Amazon S3 being used as a web service
- Image uploading added to the form template
- Integrated CSS with PHP form

**IV. ACTION ITEMS FOR FOLLOWING WEEK (dates):**

- Getting the form to work with the CSS (Josh)
- Understanding and researching of Amazon S3 web services (Austin, JT)
- Debugging of template file
- Working on the functions.php file
