Positive Feedback received:
- Custom Graphics look great
- Well spoken group / everyone spoke up during presentation
- Good communication with client
- Good outline of goals
- Better layout of website

Improvements to work on:
- Improve visuals for the "create new flower" button
- Filters on the form for input from the users
- Complete prototype for final presentation
- Generate flowers in the appropriate space on the canvas
- Better visuals for the form that comes up
- Variety of flower design and colors

Team meeting after receiving the feedback:
- Went over the feedback from our classmates
- Discussed things we are doing well right now
  - Communication
  - Meeting with client
  - Making improvements to the website
    - Form and watercolor graphics
- Discussed some things we need to improve on:
  - Finishing in time for the final
  - Getting all of the posters, and files together
  - Working together to get the rest of the stuff done
